Become a Friend of Sand Creek Greenway

The Greenway vision: The next five years are vital to the health of the Greenway and the enjoyment of its visitors. The not-for-profit Sand Creek Regional Greenway Partnership, Inc. is raising funds to improve the Greenway. The dollars raised will provide necessary trail components such as better signage, new trailheads and parking lots, trail improvements such as separating the trail from roads, interpretive signs and major parks in each of the three cities. The funds raised will also help to create an endowment to preserve Sand Creek now and forever.

Sand Creek Regional Greenway partnership is a nonprofit organization that depends on funds from a variety of sources to develop and maintain the Greenway. By becoming a Friend of the Sand Creek Greenway you will be helping to support the creation of new wilderness parks and wildlife habitats, trailheads, and picnic areas.

Your contribution will help ensure that the Greenway Master Plan is completed and preserved for future generations of metro Denver residents.
